PROFESSIONAL SUMMARY

Motivated second-year Computer Science Engineering student with a strong foundation in programming and web technologies. Passionate about building scalable web applications and continuously expanding technical expertise. Demonstrates strong leadership, collaboration, and communication skills through active participation in hackathons and inter-college events. Seeking an internship opportunity to apply academic knowledge to real-world software development challenges.

EDUCATION

B.E. in Computer Science and Engineering 2024 – 2028

Dhirajlal Gandhi College of Technology, Salem, Tamil Nadu

Currently in 2nd Year | Relevant Coursework: Data Structures, Object-Oriented Programming, Database Management Systems, Web Technologies

TECHNICAL SKILLS

Programming Languages: Java, Python, C

Web Technologies: HTML5, CSS3, JavaScript

Database: MySQL

Currently Learning: Data Structures and Algorithms

PROJECTS

Personal Portfolio Website | HTML, CSS, JavaScript

- Designed and developed a fully responsive personal portfolio website to showcase academic projects, technical skills, and achievements.
- Implemented modern UI/UX principles with clean navigation, ensuring cross-browser compatibility and a seamless user experience.

Mini Projects Collection (5 Projects) | Java, Python, HTML/CSS/JS

- Developed a set of five individual mini-projects covering core programming concepts including basic CRUD operations, logic-based problem solving, and simple web interfaces.
- Applied object-oriented programming principles in Java and scripting in Python to build functional command-line and browser-based applications.
- Gained hands-on experience in debugging, testing, and iterating on software solutions through project-based learning.

ACHIEVEMENTS & ACTIVITIES

- Participated in an inter-college technical presentation competition, demonstrating strong public speaking and subject matter knowledge to an academic audience.** Inter-College PPT Presentation:
- Selected to participate in a Women Hackathon, collaborating with a team to ideate, design, and present a technology-driven solution within a time-constrained environment.** Women Hackathon:

STRENGTHS

Leadership | Communication | Active Listening | Team Collaboration | Quick Learner
